

Selling Slime Part 1 Answers

I)

- 1) F - She started doing business in 2016
- 2) T – But not as good as Maddie's
- 3) T – It's called Slime Bash.
- 4) F – She has to go to school but she skipped it to meet Gary.

II)

- 1) Her friend brought a lot of slime to school. Students went to her locker, took some and played with it during lessons.
- 2) Teachers used to allow playing with slime during lessons but not anymore.
- 3) No. She thought 'whatever'. It was strange and she didn't understand the creativity behind it.
- 4) From YouTube 'how to videos'.
- 5) There are people leaving, but it is still evolving (e-g.: new, flat containers)

III)

- 1) a) T
b) F – He lives in Connecticut
c) T
d) F – He has a company that sells products not services.
- 2) When she wanted to make her first slime, the glue for making it was sold out. She came up with an idea to make the glue. It evolved into the slime business.
- 3) She sells her products there.
- 4) They made the largest slime in the World, 13820 pounds. It was successful. One of the influencers got over 20 million views of the video from that venue.

IV) Gary and Maddie's dad agree that kids learn new technologies very fast. They use technology to socialize and that parents should be supporting that.
