Watch the first fragment of the video (00.00-03.20) and answer the questions.

1

What is the condition that Jyoti was born with?
What are the symptoms?

2

Jyoti's parents said that she was delivered to them in an e-mail.
What do they mean by that?

3

Jyoti has got to have a special diet.
Why?

4

Jyoti says that it's not a good idea to film her when she's eating. Why?

5

Jyoti is planning to have a reconstructive surgery.
What results does she and her parents expect?

6

What do you think about this story?

7

Jyoti is planning to go on a date. What does she know about the person she is going to meet?

8

Has Jyoti told her date about her condition?

9

What was the first topic that Jyoti mentioned during the date? Do you think it was a good choice?

10

What does the guy tell Jyoti about himself? Do you think that it was a good choice?

11

How does the date end? Do you think that they have a chance to make a couple?

12

What do you think would've happened if Jyoti's biological parents had known about her condition?
