WHAT IS IT ABOUT? WHO IS IT FOR?

POLICE WARNING

“There are videos people have made, songs people have made, and it’s popping up all over YouTube and TikTok using this quite graphic imagery of this bear-like character with razor-sharp teeth.

It’s based around jump scares and things you certainly wouldn’t want children exposed to. If you were to use even YouTube Kids, for example, it may slip through because there is nothing obviously sinister about the name of a video.

It really comes down to paying attention to what your children are doing and making sure they are not just trusting YouTube Kids videos are safe because unfortunately with videos like this, things do slip through the cracks.”

WHAT CHARACTER DO YOU THINK SHE'S
TALKING ABOUT?

ATTENTION PARENTS!!!

Stephanie [REDACTED] [REDACTED] At 3:33 pm

I am outraged, this "fictional" character is a demon. It's nothing short of demonic. And def not fictional this character [REDACTED] is an entity sent straight from hell to target our beautiful innocent children and drag them to hell with him. This "fictional character" has possessed 2 of my 4 children and I am upset ASF. One of the 2 of my children who are being controlled by this "fictional character" even physically has teeth that resemble hw teeth. Whatever it is that's possessing my bby is manifesting and I am appalled I agree the character is not alive physically but very much alive spiritually which in my opinion is even worse. If there is anyone else out there experiencing something similar to our situation feel free to drop a comment. Hw must be stopped at once it is a parasite!
